

Little Explorers

A garden adventure for toddlers at Bartram's Garden

Little Explorers encourages every toddler and preschooler's curiosity about the natural world through hands-on experience with gardening, birds, insects, and more! All programs run from 10:00 to 11:30 am and are directed at children ages 2-4.

We require at least one adult chaperone for every two children. Each session includes activities, reading, snacks, and (weather permitting) a walk through the garden. RSVP required to Rose Levine, 215-729-5281 x110, rlevine@bartramsgarden.org. Admission is \$10/child, \$8 for members or free with Bartram Program Pass.

January 6: Snowy Weather

Snow or shine, we'll get together to make winter crafts and hibernate in the cozy barn with some good books.

February 3: Churn It Up

Everyone can help to bake fresh cornbread and churn cream into butter for a delicious snack.

March 3: It's Raining, It's Pouring

Wiggling worms and mud puddles make for fun art and science explorations!

April 7: Growing Plants, Growing Minds

Learn about the baby plant inside every seed and plant one of your own.

May 5: Spring Is for the Birds

Find out where birds come from and where they live. Build your own nest to take home!

June 2: Garden in Bloom

Walk in the garden and make some colorful flower artwork to take home.

July 7: Caterpillars, Dragonflies, and Butterflies...Oh, My!

Take a walk in the garden searching for bugs, and build an insect sculpture.

August 4: Water Wonderland

Cool off with outdoor water games and crafts.

September 1: Summer Harvest Celebration

Harvest the garden bounty and help make a delicious salad to taste.

October 6: Apple Cider, 18th Century Style

Take a turn crushing apples in an old cider press to make fresh apple cider.

November 3: Seed Collectors

How do seeds travel? Collect seeds from all over the garden and make a mosaic.

December 1: Winter Greens

Hunt for fragrant evergreen trees and red berries and make a winter arrangement.
